

## Congressmen Dave Reichert & Adam Smith's 2011 HIRE America Jobs Fair

Congressman Dave Reichert (R-08) and Adam Smith (D-09) are hosting a bipartisan Jobs Fair. They have heard and understand the common request of local business leaders and job seekers alike: create an environment for economic growth and work across party lines to create jobs. Bringing local businesses and individual constituents together in one place is a great way to increase employment, improve the local economy, and gather feedback on how families are coping during these difficult economic times.
